Description

This notice is published to inform the market of the upcoming tender opportunity for the water management for the Breast Test Wales mobile trailers in Public Health Wales.

Suppliers must be able provide water monitoring service to the eleven mobile mammography units that will be located across Wales. A full specification will be published within the ITT.

All suppliers who submit a tender for this requirement must guarantee that they can fully meet all the required aspects of the specification at all times, as any failure to do so will result in the inability to screen service users and potentially a delay in identifying abnormalities requiring urgent treatment.
