- 34152000 - Training simulators
- 66120000 - Investment banking services and related services

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

II.2.4) Description of the procurement

We are looking for a long-term partner to provide real live investment banking training to our UG and PGT students to complement their academic courses in finance and prepare them for future employment in the industry.

The provider needs to be able to deliver a week-long intensive training programme (namely, the “boot-camp”) that can be accessed by students remotely and/or via existing

on-campus facilities; this would be expected to be delivered during week 0 of semester 2 each year (in January for each academic year).

They also need to provide appropriate pre-boot camp information sessions (ideally Oct/Nov in semester 1 of each year) and preparatory materials/asynchronous online sessions. During the boot camp the provider should cover a combination of contemporary theory (e.g. corporate finance, behavioural finance, capital markets) and practical application via trading simulation and offer participants assessment of and feedback on their performance.

Topics we envisage being covered include asset management, buy and sell side transactions, IPOs and experience of a live financial trading environment. The boot camp should include careers advice and co-ordinate on this with the university's careers service. We further expect the provider to include post-boot camp feedback to students about their performance as well as pastoral care for participants to allow them to maximise the impact of their experience when seeking employment.

The boot camp should be a self-contained activity that will sit alongside a student's finance courses at Strathclyde and be open to both UG and PGT students on a voluntary basis, we expect 200-300 students to take part each year. There should be no charges/fees for participating students other than those ordinarily incurred for attending on campus (e.g. travel) or for remote access (e.g. internet access). We expect the provider to issue students who successfully complete the boot camp with a recognised qualification, e.g. a Level 5 Diploma in Trading and Financial Market Analysis - accredited by the London Institute of Banking and Finance, which will benefit students' CVs and their employability skills.

II.3) Estimated date of publication of contract notice

14 March 2025
