Procurement identifier (OCID): ocds-h6vhtk-05f995 ([view related notices](#))

Published 3 February 2026, 11:13am

Scope

Reference

C344205

Description

The Breast Test and Train (TaT) service supports the quality assurance work and provides NHSE with assurance of the ability of radiologists within the NHS Breast Screening Programme (NHSBSP) to accurately detect the range of cancers that they might be presented with in the population. It provides the means to enable radiologists to recognise a range of cancers, including those that are of a rarer condition which in turn, results in less harm to those undergoing mammography.
