II.1) Scope of the procurement

II.1.1) Title

Aberdeen Hydrogen Hub Strategic Partnership

Reference number

FNRV 7437

II.1.2) Main CPV code

• 24111600 - Hydrogen

II.1.3) Type of contract

Supplies

II.1.4) Short description

Procurement Purpose

Aberdeen City Council (the "Council") is seeking to procure an experienced, dynamic and innovative strategic partner to form a long-term joint venture with the Council (the "Aberdeen Hydrogen Hub Strategic Partnership"), in order to secure substantial low carbon infrastructure investment and delivery capability in support of the City's Hydrogen Hub and Net Zero Vision. As part of its role in the Aberdeen Hydrogen Hub Strategic Partnership, the strategic partner will be expected to provide finance and investment for the opportunity and competent resources including scoping, design, procurement, project management, implementation, delivery, operation, maintenance, commercial support and technical expertise. Phase 1 will include the procurement of a hydrogen production facility for public sector consumption of a resilient, cost effective supply of green hydrogen on a commercial basis to support both existing and proposed transport projects. Phase 2 envisages supply to larger volume utilisation hydrogen vehicles such as rail, freight and marine. Phase 3 will involve the supply of hydrogen for heat and export.

The joint venture will enter into a Hydrogen Supply Framework Agreement with the Council for an initial period of 10 years with two subsequent optional extensions of 5 years each. This agreement will set out the terms upon which the joint venture will supply hydrogen to the Council during Phase 1, and develop proposals for delivery of hydrogen to the Council during Phases 2 and 3. The Hydrogen Supply Framework Agreement will also set out the terms upon which Non ACC Contracting Authorities will be permitted to call-off hydrogen supplies under the framework agreement.

The Council has agreed in principle to fund 19.4 million GDP from its Capital Programme as investment in the Hydrogen Energy Partnership. The form of investment by the Council into the joint venture will be the subject of dialogue and subject to meeting subsidy control requirements.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £215,000,000

II.2) Description

II.2.2) Additional CPV code(s)

- 09120000 Gaseous fuels
- 24111000 Hydrogen, argon, rare gases, nitrogen and oxygen
- 31154000 Uninterruptible power supplies
- 31156000 Interruptible power supplies
- 31161800 Parts of gas generators
- 31600000 Electrical equipment and apparatus
- 34000000 Transport equipment and auxiliary products to transportation
- 39341000 Gas pressure equipment
- 42113390 Fuel-gas systems
- 42124340 Parts of gas compressors
- 42511000 Heat-exchange units and machinery for liquefying air or other gases
- 42511200 Machinery for liquefying air or other gases
- 42980000 Gas generators
- 44100000 Construction materials and associated items
- 44161100 Gas pipelines
- 44161110 Gas-distribution network

- 44190000 Miscellaneous construction materials
- 44610000 Tanks, reservoirs, containers and pressure vessels
- 44611400 Storage tanks
- 44612000 Liquefied-gas containers
- 44612100 Gas cylinders
- 44612200 Gas tanks
- 45000000 Construction work
- 45100000 Site preparation work
- 45111291 Site-development work
- 45223720 Petrol/gas stations construction work
- 45231223 Gas distribution ancillary work
- 45254200 Construction work for manufacturing plant
- 45255800 Gas-production plant construction work
- 51100000 Installation services of electrical and mechanical equipment
- 51111200 Installation services of generators
- 51111300 Installation services of transformers
- 51112000 Installation services of electricity distribution and control equipment
- 65200000 Gas distribution and related services
- 65320000 Operation of electrical installations
- 50532300 Repair and maintenance services of generators
- 63121110 Gas storage services
- 63712600 Vehicle refuelling services
- 71242000 Project and design preparation, estimation of costs
- 71314000 Energy and related services
- 71356000 Technical services

II.2.3) Place of performance

NUTS codes

• UKM50 - Aberdeen City and Aberdeenshire

Main site or place of performance

Aberdeen City area

II.2.4) Description of the procurement

The Council is seeking to procure an experienced, dynamic and innovative strategic partner to form a long-term joint venture with the Council (the "Aberdeen Hydrogen Hub Strategic Partnership"), in order to secure substantial low carbon infrastructure investment and delivery capability in support of the City's Hydrogen Hub and Net Zero Vision. As part of its role in the Aberdeen Hydrogen Hub Strategic Partnership, the strategic partner will be expected to provide finance and investment for the opportunity and competent resources including scoping, design, procurement, project management, implementation, delivery, operation, maintenance, commercial support and technical expertise. Phase 1 will include the procurement of a hydrogen production facility for public sector consumption of a resilient, cost effective supply of green hydrogen on a commercial basis to support both existing and proposed transport projects. Phase 2 envisages supply to larger volume utilisation hydrogen vehicles such as rail, freight and marine. Phase 3 will involve the supply of hydrogen for heat and export. The joint venture will enter into a Hydrogen Supply Framework Agreement with the Council. This agreement will set out the terms upon which the joint venture will supply hydrogen to the Council during Phase 1, and develop proposals for delivery of hydrogen to the Council during Phases 2 and 3. The term of the Hydrogen Supply Framework will be for an initial period of 10 years with two subsequent optional extensions of 5 years each. The Hydrogen Supply Framework Agreement will also set out the terms upon which Non-ACC Contracting Authorities will be permitted to call-off hydrogen supplies under the framework agreement. Non ACC contracting authorities will be permitted to call-off hydrogen supplies under the Hydrogen Supply Framework for a period of 8 years from the point at which the hydrogen production facility begins producing hydrogen (currently anticipated to be summer 2024). The Council considers that this is the minimum period which is required to allow the development of a robust business case which will support the development of the project through Phases 1 and 2 and into Phase 3.It is also anticipated that the strategic partner will be willing to work with a broad range of organisations, including those working in Aberdeen's community, energy and sustainability sectors to facilitate the delivery of low carbon energy projects on a city-wide and, potentially, regional basis. It is expected that the Aberdeen Hydrogen Hub Strategic Partnership will comprise a joint venture company between the strategic partner and the Council. The nature of the joint venture and structure of the Council's investment into the joint venture will be discussed with bidders during dialogue. The Council has agreed in principle to fund 19.4 million GDP from its Capital Programme as investment in the Aberdeen Hydrogen Hub Strategic Partnership.

The form of investment by the Council into the joint venture will be the subject of dialogue and subject to subsidy control requirements. The Aberdeen Hydrogen Hub Strategic Partnership will be required to procure the design, build, operation and maintenance of a new green hydrogen production facility together with associated refuelling, distribution and transportation infrastructure within the Council's boundaries or within close proximity thereto. The Council envisages that its strategic partner will bringing a wealth of commercial expertise to the table with a view to contributing towards economic growth and the development of robust supply chains and wider employment opportunities.

II.2.5) Award criteria

Quality criterion - Name: Legal Submission / Weighting: 20

Quality criterion - Name: Robustness, Deliverability & Attractiveness of Joint Venture Business Plan / Weighting: 50

Quality criterion - Name: Supplier Development / Training and Skills / Weighting: 7.5

Quality criterion - Name: Community Benefits Delivery Plan / Weighting: 7.5

Price - Weighting: 15

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

the Council expects to play a role in delivering Hydrogen Energy, and anticipates this may include the integration of low carbon energy related assets. these could include Hydrogen production, refueling stations, Council land and buildings to deliver projects. The Council will also scale up demand through vehicle replacements, district heat, obtain stakeholder support, invest in key assets.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Competitive dialogue

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: 2021/S 000-014187

Section V. Award of contract

Contract No

000-FNRV7437

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

11 March 2022

V.2.2) Information about tenders

Number of tenders received: 2

Number of tenders received from SMEs: 0

Number of tenders received from tenderers from other EU Member States: 0

Number of tenders received from tenderers from non-EU Member States: 2

Number of tenders received by electronic means: 2

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor

BP

1 St James Sq

London

SW1Y4PD

Telephone

+44 7867462449

Country

United Kingdom

NUTS code

• UKI - London

The contractor is an SME

No

V.2.4) Information on value of contract/lot (excluding VAT)

Initial estimated total value of the contract/lot: £215,000,000

Total value of the contract/lot: £215,000,000

Section VI. Complementary information

VI.3) Additional information

With the agreement of Aberdeen City Council (ACC), Non-ACC Contracting Authorities will be entitled to call-off hydrogen supplies under the Hydrogen Supply Framework

Agreement in order to facilitate the future development of wider public sector projects.

Non-ACC contracting authorities means Aberdeenshire Council, Highland Council, Moray Council, Robert Gordon University, North East Scotland College, NHS Grampian, Scottish Water, Angus Council, NatureScot, Scottish Environmental Protection Agency and other Scottish contracting authorities, or their agents. These include, but are not limited to, the Scottish Ministers (including Agencies), Scottish Non-Departmental Public Bodies, offices in the Scottish Administration which are not ministerial offices, cross-border public authorities within the meaning of section 88(5) of the Scotland Act 1998, the Scotland Office, the Scottish Parliamentary Corporate Body, councils constituted under section 2 of the Local Government etc. (Scotland) Act 1994, Scottish Fire & Rescue Service, the Scottish Police Authority, Scottish health boards or special health boards, all NHS Scotland, The Integrated Joint Boards established further to the Public Bodies (Joint Working) Act 2014, bodies registered as social landlords under the Housing (Scotland) Act 2001, any public body established by or under the Scotland Act 1998 or any Act of the Scottish Parliament, any association of or formed by one or more of the foregoing, bodies financed wholly or mainly by one or more of the foregoing, bodies subject to management supervision by one or more of the foregoing and bodies more than half of the board of directors or members of which, or, in the case of a group of individuals, more than half of those individuals, being appointed by one or more of the foregoing. Information about Scottish Public Bodies is available at: https://www.gov.scot/policies/public-bodies/

(SC Ref:689623)
