Description

Essex County Council (the Council) is seeking to procure a new Live at Home framework for the provision of domiciliary care services for adults (18+) across Essex for a period of six (6) years.

This will be a two-tier framework, split across the 12 Essex districts (lots) with one (1) district per lot, with a limit of up to 10 providers per district on Tier 1. There is no limit on the number of providers that may join Tier 2. Both tiers will be ranked based on price and quality as indicated in the procurement documents.

On commencement the sourcing process will be from ranked lists of providers in each district, and the Council will call-off from the lists in descending order of the ranking starting with ranked position 1 on Tier 1.

The Council may vary the call-off procedure for specific requirements as defined in the contract, and reserves the right to apply alternative criteria to those detailed in this notice for any relevant Call Off Contracts.

As a result of local government reform, the contract at commencement is the 12 Essex districts. However, the framework includes provision for services to be commissioned across all of Essex including the geographical areas of Southend and Thurrock unitary authorities.

Framework operation description

The framework will consist of one lot for each of the 12 districts in Essex County Council's administrative area, to commission domiciliary care services to support the following client groups: Older People (age 65+), Adults with Learning Disabilities & Autism, Mental Health, Dementia and Physical / Sensory Impairments. Each lot will be separated into two tiers; Tier 1 and Tier 2 and will also be broken down into the following service types: Personal Support,

Night Awake, Night Sleeping, 24 hour/live in care, Carers Support and Carers Break. Please note, the Chelmsford Lot will include services to be delivered within HMP Chelmsford. Bidders must select one (1) price point per service type, per lot from the pricing matrix.

For inclusion on Tier 1 providers must satisfy minimum quality and financial criteria in addition to responding to a set of technical questions, from which the highest scoring bidders in each lot will be selected as stated in the tender documentation.

For inclusion on Tier 2 providers must satisfy a set of minimum quality criteria as stated in the tender documentation.

Once the framework has been established sourcing will be from a ranked lists of providers for individual care packages.

The Council is also permitted to undertake mini-competitions to select providers to deliver groups of packages as to select providers to undertake pilots and new way of working.

This Framework is not intended to operate as an Open Framework as defined in s49 of the Procurement Act 2023, and the Council does not intend to re-open the Framework to new entrants. However, the Council may elect to re-open the Framework to new entrants and undertake an LHRL Full Review Process (as detailed in the procurement documentation) where, in the Council's reasonable opinion, there is a dearth of supply.

Competitive flexible procedure description

This is a single tender round undertaken in four (4) stages.

The first stage is the Condition of Participation stage. Bidders that pass this stage will be appointed to the framework as a Tier 2 Provider in their chosen lot(s) and will be ranked as per the Tier 2 award criteria.

The second stage is for providers bidding to join Tier 1. In this stage providers will be required to respond to Questions 1A and 1B (Safeguarding). Responses will be assessed on a scale of 0-5 and bidders will be required to achieve a minimum of score of 2 out of 5 for each question. The scores from this stage will be carried forward to the third stage. Providers that do not achieve a minimum score of 2 on each question will not progress to the next stage but will be awarded a place on the framework as a Tier 2 Provider in their chosen lot(s) and will be ranked as per the Tier 2 award criteria .

The third stage is for providers bidding to join Tier 1. In this stage providers will be required to respond to a number of technical questions (Questions 2 - 8). Responses will be assessed on

a scale of 0-5 and bidders will be required to achieve a minimum of score of 2 out of 5 for each technical question (excluding the social value and climate questions). Providers must also achieve a minimum average score of 3 across all questions in stage 2 & 3 (excluding the social value and climate questions). The scores from this stage will be carried forward to the fourth stage. Providers that do not progress from this stage will be awarded a place on the framework as a Tier 2 Provider in their chosen lot(s) and will be ranked as per the Tier 2 award criteria.

The fourth stage is a film submission and responses will be assessed on a scale of 0-5 with providers being required to achieve a minimum of score of 3 out of 5 for their film submission to be eligible to join Tier 1. Providers that do not progress from this stage will be awarded a place on the framework as a Tier 2 Provider in their chosen lot(s) and will be ranked indicated as per the Tier 2 award criteria. The scores for the providers that were successful at this stage will be combined and weighted with their scores from stages 2 & 3 to determine an overall quality score. This will be combined with their price score to determine their overall score.

The highest scoring bidder will be ranked at position 1 in their chosen lot and the second highest scoring provider will be ranked in position 2 and this is repeated until of the 10 available positions on Tier 1 in each LHRL have been filled. Providers that are eligible for Tier 1 but achieved below the 10th highest score will be appointed to Tier 2 and ranked according to the Tier 2 criteria.

The Contracting Authority reserves the right to refine the award criteria prior to the time limit for receipt of tenders.
