- 72322000 - Data management services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Manchester, M11 2NS

II.2.4) Description of the procurement

Greater Manchester Police has a requirement for a Digital Evidence Management System (DEMS) to provide a central, secure, cloud-based (UK) repository for electronically generated evidence, which allows GMP to receive, store, manage, process and share evidence, internally and with other legal bodies such as the Crown Prosecution Service, without the need for portable storage devices.

The DEMS will provide several layers of internal and external access restrictions, with an ability for evidence to be uploaded by anyone authorised to do so (including the general public) and then be accessed and processed by approved internal and external users without the need for the evidence to leave the system. Tied to this, the DEMS will provide an audit trail of who, when, what and how evidence has been accessed.

The scope of the contract for this service will be flexible to the requirements of the force over the life of the contract, and to functional and innovative developments in the sector during that period. With that in mind, additional functionality may be purchased from the contracted supplier in line with the modification of contract provisions of the Public Contracts Regulations (2015).

The estimated value described in this Contract Notice is the maximum expected value over the full 7-year term of the contract (including all extensions) and includes any additional functionality which may be added during the contract lifespan.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £8,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

36

This contract is subject to renewal

Yes

Description of renewals

There will be an option to extend this contract for a further 4 years, either as a single extension or in increment (as required).

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
