## **I.2) Information about joint procurement**

The contract involves joint procurement

## **I.4) Type of the contracting authority**

Regional or local authority

## **I.5) Main activity**

General public services

---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

WFRS & NFRS Control Room Systems Replacement (Integrated ICCS & CAD)

Reference number

00012007

#### **II.1.2) Main CPV code**

- 48000000 - Software package and information systems

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

Warwickshire County Council (the Council) and The Police, Fire and Crime Commissioner for Northamptonshire acting as the Northamptonshire Fire and Rescue Authority (NFRA) are seeking to replace their key control room systems for Warwickshire Fire and Rescue Service (WFRS) and Northamptonshire Fire and Rescue Service (NFRS).

The Council will be acting as lead Authority and managing the procurement process for both Authorities. The successful Applicant will enter into two contracts, one with the Council and one with NFRA.

In summary the systems to be replaced are the Communications and Control System (ICCS) and the Command and Control/Dispatch System (CAD).

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £2,322,388

## **II.2) Description**

### **II.2.2) Additional CPV code(s)**

- 32573000 - Communications control system
- 35710000 - Command, control, communication and computer systems
- 42961000 - Command and control system

### **II.2.3) Place of performance**

NUTS codes

- UKF2 - Leicestershire, Rutland and Northamptonshire
- UKG1 - Herefordshire, Worcestershire and Warwickshire

Main site or place of performance

The County Council boundaries of Warwickshire and the operational area of the Police, Fire and Crime Commissioner for Northamptonshire

### **II.2.4) Description of the procurement**

WFRS and NFRS require a cloud based command and control mobilising system (with integrated ICCS/CAD functionality) that allows for inter-operability, for service wide deployment, through a mobile and web-based version. WFRS and NFRS are seeking a flexible portable system that can be used from multiple secure sites.

The solution delivered will allow for inter-operability with WFRS & NFRS. The inter-operable solution will provide separate instances for each services with access to each others. If either service terminates its agreement with the Supplier, the remaining service should not be able to access the separate data of the departing customer.

For both WFRS and NFRS the systems need to be fully live by the end of 2022, preferably with the ICCS element going live first (if this is possible).

To ensure that the system procured meets expectations NFRS/WFRS are committed to getting the best possible system to suit its needs whilst ensuring that any system will be fully ESN compliant.

Further details are included in the ITT and Appendices.

### **II.2.5) Award criteria**

Quality criterion - Name: Mandatory questions / Weighting: P/F

Quality criterion - Name: Technical requirements / Weighting: P/F

Quality criterion - Name: Quality/technical questions / Weighting: 28%

Quality criterion - Name: Scenario demonstrations / Weighting: 42%

Price - Weighting: 30%

### **II.2.11) Information about options**

Options: Yes

Description of options

Initial term 5 years (from go-live) - however the Council and NFRA reserve the right to extend their respective contracts by further successive periods up to a maximum available extension period of 24 months at the discretion of the Council and NFRA based on their future requirements and contract performance of the successful Applicant. The decision to extend may be taken independently and result in only one party deciding to extend their contract.

### **II.2.14) Additional information**

During the course of the contract period the range and scope of all these services may be subject to modification and variation to meet the changing needs and requirements of both the Council and NFRA, potential changes in legislation and the changing demands placed on the Council and NFRA by their customers and residents. Examples of these are listed in the ITT.
