## Scope

### Description

The Construction Industry Training Board (CITB) is seeking to engage with the market ahead of a forthcoming tender for Carbon Literacy trainer(s) to better understand current market capacity, opportunities, and any considerations that may inform the procurement approach.

We are seeking a Carbon Literacy Project (CLP) accredited Trainer to deliver Carbon Literacy training to its workforce. As a national organisation, our colleagues are situated across the three Countries (England, Scotland and Wales).

We have developed a bespoke CLP training course for our workforce, that has a particular focus on how the construction industry is impacted by the changing climate. We are seeking a trainer(s) to deliver this course, and therefore want to understand the capacity and knowledge of the market prior to a tender exercise.

For more information about this opportunity, please visit the Delta eSourcing portal at:

---

## **Engagement**

### **Engagement deadline**

16 March 2026

## **Engagement process description**

The successful training provider(s) will be responsible for the delivery of a bespoke CLP training course tailored to the needs of CITB. The training should be designed in alignment with the standards and certification requirements of the Carbon Literacy Project, while also incorporating the trainer's own professional experience and sector-specific insights to enhance relevance and engagement.

Trainer(s) will be expected to facilitate sessions in a dynamic, inclusive, and interactive manner, encouraging discussion, reflection, and the development of practical, actionable pledges that support both individual and organisational carbon reduction goals.

All responses must be submitted via the e-tendering portal.

Suppliers who have expressed an interest by providing a formal response to the questionnaire will be invited to participate in the future tender process if they wish.

Questionnaire return date: 16th January 2026.

---
