## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

'This contract has been awarded under the urgent circumstances provision of the Provider Selection Regime (PSR). This contract has been awarded under the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award.'

Change in practice enforced by external circumstances (CQC suspension of new registration and LMC agreeing Battle Road will take on). Local intelligence shows that

other local practices unlikely to be interested in bidding for a contract.

PSR states that where a contract is awarded under the above circumstances, the Authority must set the length of contract to be only as long as is strictly necessary to address the urgent situation and to conduct a full award process for that service at the earliest feasible opportunity. If the term is to be longer than 12 months relevant authorities must justify and record this decision.

For this contract award intelligence gathered from other local practices indicates that if a competitive MSP approach was taken (on the basis that procurement would be limited to GP practices, and they would be local to Hellingly), Battle Road would be the practice most willing and appropriate to deliver the contract. It is therefore recommended that a 2+1 year contract is awarded.

Decision Makers were

Mike Lander Deputy Director – Contracts Evaluator and CO

George Guerges Evaluator and SRO

Taofeeq Ladega Senior Category Manager - Healthcare/ Clinical Procurement
