Lot 8b: Play Equipment Installation and Repair – £10,001 to £50,000 per job

Page 5 to 35

Lot 9a: Civil Engineering works – up to £20,000 per job

Lot 9b: Civil Engineering works – £20,001 to £75,000

Lot 9b: Civil Engineering works – £75,001 to FTS level Threshold

The framework will run from 1st April 2023 until 31st March 2027. Please see the procurement documents for further details of each of the lots and the minimum qualifications required.

The Council is using the e-procurement portal known as the Proactis Pro-Contract portal <https://procontract.due-north.com> to conduct this procurement exercise.

To gain access to the procurement documents, bidders will need to register their company

details at the above website. Once registered, bidders will be emailed a log-in and password

which will allow them to gain access to the procurement documents. Bidders will need to search for the invitation under Wychavon District Council and then electronically submit an

expression of interest and follow the online instructions to view the procurement documents.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.2) Description

II.2.1) Title

Lot 4a: Electrical Installation and Repair works – up to £10,000 per job

Lot No

4a

II.2.2) Additional CPV code(s)

- 71314100 - Electrical services

II.2.3) Place of performance

NUTS codes

- UKG12 - Worcestershire

II.2.4) Description of the procurement

Lot 4a: Electrical Installation and Repair works – up to £10,000 per job

These works will involve repairs and alterations to existing electrical systems to the Council's owned commercial properties, primarily the Civic Centre in Pershore and the Council House in Malvern, but also, the Council's Community Contact Centres, Leisure Centres, depots and other similar buildings. Contractors will be required to be NICEIC registered. The scope of work to include periodic inspections for electrical safety, portable appliance testing, repairs to existing lighting and small power electrical installations, installation of new electrical circuits, distribution boards and consumer units and any similar system installations. As well as internal work to buildings some elements of external equipment, ie lighting or external supply points, may also be included within works packages.

Some elements of the works will also require access to, and working at, heights, typically ceilings, roof loft spaces and external first or second floor levels. Some works may also have to be conducted "out of office hours" and involve evening, night or weekend attendance. In addition these works will include parks and open spaces work on lighting columns, including working at heights, electrical supply boxes, water pumps for pools and water play areas.

N.B. You will need to be registered with NICEIC and provide proof of your registration with your submission to be considered for this framework.

II.2.4) Description of the procurement

Lot 9c: Civil Engineering works – £75,001 to FTS level Threshold

Civil Engineering and Flood Alleviation schemes will include car park resurfacing, kerbing, blocked paving, cycle paths, pipe laying, servicing ducting works, reinforced concrete

work, reinstatement of fields, gardens and other areas including public highways and other public open spaces. Work will, on occasions, be carried out on private land and gardens and therefore emphasis will be placed on selecting Contractors having proven track records of similar work in areas with restricted access and an excellent customer care policy.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 100

Price - Weighting: 0
