Reason for not signing contract

Voluntary UK12 Procurement termination notice in relation to the UK01 Pipeline & UK02 Pre Market Engagement Notice released for this programme.

Thank you to all Suppliers who engaged with the recent South East market engagement

for GP and Corporate IT Optimisation Programme. The insight provided has been valuable in shaping the next steps.

Following consultation across the South East Integrated Care Boards, we have decided to cease the current procurement activity in its present format. This enables the ICBs to explore alternative delivery options that best support service continuity, resilience, and value for money during the transition from the Commissioning Support Unit.

As part of this review, we will consider a range of sourcing approaches, including the possibility of offering elements of the service in smaller, discrete lots where this would improve quality, implementation practicality, or affordability. No immediate action is required from suppliers at this time.
