II.2.4) Description of the procurement

Both within and outside of the warranty period BHC will be able to call upon the successful supplier (via its appointed agent if appropriate) within a reasonable timeframe (according to the urgency of the support issue) to provide on-site technical assistance. The successful supplier will be required:

- (a) to be available on-site to provide technical assistance in relation to the drivetrain (which incorporates the gearbox, shaft and propellers), engine, other critical systems or hull damage within 48 hours of BHC's request; and
- (b) to supply any spare parts required by BHC in a timely fashion.

The pilot boat must comply with the minimum requirements of the Small Commercial Vessel and Pilot Boat Code of Practice and be issued with a construction certificate from a recognized UK load line assigning authority (as detailed in Section 4.2.2.4 of the Code). The pilot boat shall be delivered fully operational and coded for use at the earliest possible date.

The pilot boat particulars are as follows:

Dedicated pilot vessel with diesel propulsion system

Principle Dimensions

- LOA of Between 15m and 18m
- Beam OA >4m
- Draught 0.9m-2m
