Other information

Payment terms

As per the terms and conditions issued with this procurement

Description of risks to contract performance

Norfolk County Council has been accepted into the government's Devolution Priority Programme. This process has the potential to lead to the establishment of a county combined authority for Norfolk and Suffolk, with strategic powers, headed by an elected mayor. Norfolk is also subject to Local Government Review. This process has the potential to lead to unitary local government in Norfolk. One of these changes could happen without the other. The contract may be assigned or novated to any successor authority(ies) to Norfolk County Council or to any joint body incorporating any such successor. This contract may also be assigned to any shared service structure that is created to serve any successor authority(ies) or joint body.

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

The Council will be using the Competitive Flexible Procedure as defined in the Procurement Act 2023. The process will be as follows: -

1. Bidders will complete the Invitation to Initial Tender (including draft pricing) and submit in accordance with the timelines at section 5 of this Invitation to Initial Tender.
2. If there are 4 bidders or less who pass Form B(Grounds for Exclusion) , C (Compliance with minimum standards) and D (Willingness and ability to comply with contractual requirements) of the Invitation to Initial Tender then those bidders will be invited to participate in dialogue and submit a final tender.
3. If there are more than 4 bidders who pass Form B, C and D, then the Council will evaluate the responses to Form F (not including pricing) and will take through the top 4 scored bids. The Initial Tenders will be scored in accordance with the process set out in this Invitation to Initial Tender.
4. During dialogue, bidders will be able to refine their bid (including pricing) and the Council reserves the right to amend the specification, scenarios for demo, pricing spreadsheet and terms and conditions before requesting Final Tenders.
5. At the close of dialogue, bidders will be issued with the Invitation to Final Tender (including the final specification, scenarios for demo, pricing spreadsheet (and define sub-weightings) and terms and conditions).
6. As part of the evaluation of the final tender, bidders will be required to demonstrate their system in accordance with the scenarios issued with the Invitation to Final Tender.
7. Bidders should note that the Council may request a further version of the pricing list and/or raise clarifications on bidders quality responses before dialogue.

This procurement has not been divided into lots as If more than one system is purchased this will mean multiple integrations, multiple support and maintenance contracts and thus costly to the Council to manage. It also increases the risk that the Council will not have the correct and whole overview of the child.
