II.2.4) Description of the procurement

To establish a Pseudo Dynamic Purchasing System (PDPS), the Council is required to undertake a three-stage process.

Stage 1: Establishing the PDPS -- The Council shall advertise the opportunity to be appointed to a PDPS for the provision of ISF Services. Applicants will have 30 days to respond accordingly to the opportunity during the initial establishment of the PDPS, in preparation for the provision of ISF services.

Stage 2: Once the PDPS goes live, applications can be submitted throughout the lifetime of the PDPS . Applications will be accessed quarterly (November, February, May and August)

Stage 3: Awarding of individual contracts

The person / individual (or their representative) can:

- Choose the Provider.
- Work with then Provider to use their ISF in a flexible way to meet outcomes and support needs.
- Use their ISF to pay for support from different organisations if they want to.

The services required under this procurement fall within schedule 3 of the Public Contracts Regulations 2015 (SI 2015/102) and are therefore not bound by all of its requirements. The Council will follow its own modified version of the Dynamic Purchasing System process prescribed under regulation 34 for setting up and running this provision.

This modified process reflects the personal needs of service users and maintains the principles of fairness, openness and transparency.
