I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Clinical Waste Continuous Steam Treatment System

II.1.2) Main CPV code

- 42940000 - Machinery for the heat treatment of materials

II.1.3) Type of contract

Supplies

II.1.4) Short description

A new system for processing clinical waste using continuous steam treatment and incorporating shredding. The unit must be capable of processing at least 2 tonnes of clinical waste per hour at STAATT Level 3. The unit must be CE Marked and have an integrated shredding phase which can be configured to work with a conveyor belt and a bin lift/hoist/tipper.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 42940000 - Machinery for the heat treatment of materials

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

II.2.4) Description of the procurement

A new system for processing clinical waste using continuous steam treatment and incorporating shredding. The unit must be capable of processing at least 2 tonnes of clinical waste per hour at STAATT Level 3. The unit must be CE Marked and have an integrated shredding phase which can be configured to work with a conveyor belt and a bin lift/hoist/tipper.

II.3) Estimated date of publication of contract notice

1 May 2026

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Clinical Waste Treatment System using Microwave technology

II.1.2) Main CPV code

- 42940000 - Machinery for the heat treatment of materials

II.1.3) Type of contract

Supplies

II.1.4) Short description

A microwave system suitable for the continuous treatment of clinical waste. The unit must be CE Marked and have an integrated shredding phase and must have bin lift/tipper. The system must be capable of processing at least 250 kg of clinical waste per hour and the equipment must be capable of treating waste to STAATT Level 4

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 42940000 - Machinery for the heat treatment of materials

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

II.2.4) Description of the procurement

A microwave system suitable for the continuous treatment of clinical waste. The unit must be CE Marked and have an integrated shredding phase and must have bin lift/tipper. The system must be capable of processing at least 250 kg of clinical waste per hour and the equipment must be capable of treating waste to STAATT Level 4.

II.3) Estimated date of publication of contract notice

1 May 2026

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

If you are interested in interest in this opportunity, please register your interest and email jennifer.cranston@nhs.scot with details of any systems that you could provide and any further information you deem relevant to this requirement. Systems must be able to meet the validation and other requirements of our SEPA permit.
