III.2.2) Economic and financial ability

Criteria regarding the economic and financial standing of economic operators (that may lead to their exclusion)

Information and formalities necessary for evaluating if the requirements are met: Each supplier's financial ability to meet this requirement will be assessed on a risk basis and the financial information provided by the supplier in response to the DPQQ will be evaluated by the Authority. Factors that will be taken into consideration when evaluating financial information include turnover, profitability, liquidity & working capital, debt and cash flow. The Authority will also examine the financial health of the immediate and ultimate parent of the supplier where it is part of a group. When assessing the financial health of a supplier, the Authority will also take into consideration any Auditor's opinion, for example Qualifications or Emphasis of Matter Statements. The Authority's opinion may be validated using credit agencies such as Company Watch. If examination of the financial information exposes the potential for a supplier to experience financial difficulty in performing the contract, then the Authority will determine the level of risk that it is willing to bear in fulfilling the requirement. Evaluation of the financial information will attract a Pass or Fail risk marking which will be awarded using the following criteria:-

Pass – A low or medium financial risk assessment as evaluated by the Authority

Fail – A high unacceptable level of financial risk as evaluated by the Authority

III.2.3) Technical and/or professional capacity

Criteria regarding the technical and/or professional ability of economic operators (that may lead to their exclusion)
