II.1.4) Short description

This notice is placed as a Prior Information Notice (PIN) to inform the market of NHS England South East's, (the Commissioner's), intention to recommission Complex Disability Equipment - Prosthetic Specialised Services to individuals of all ages with Limb Loss.

The Commissioner would like to understand the level of provider interest in delivering these services.

The service aims to maximise the mobility, independence, and quality of life of the individual, working in collaboration with the patient as equal partners.

This aim is achieved by the provision of prostheses (artificial limbs) through a dedicated and specialised multidisciplinary team.

These specialised services seek to empower patients, provide them with information about their condition(s) and offer individual choice(s) about where, how and by whom they are to be treated and allow for a collaboratively agreed prescription(s) to be provided. The ability to return to normal life and work are key service outcomes thereby improving the individual's quality of life.

This exercise is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioner.

II.1.5) Estimated total value

Value excluding VAT: £2,034,442

II.2.4) Description of the procurement

This notice is placed as a Prior Information Notice (PIN) to inform the market of NHS England South East's, (the Commissioner's), intention to recommission Complex Disability Equipment - Prosthetic Specialised Services to individuals of all ages with Limb Loss.

The Commissioner would like to understand the level of provider interest in delivering these services.

The service aims to maximise the mobility, independence, and quality of life of the individual, working in collaboration with the patient as equal partners.

This aim is achieved by the provision of prostheses (artificial limbs) through a dedicated and specialised multidisciplinary team.

These specialised services seek to empower patients, provide them with information about their condition(s) and offer individual choice(s) about where, how and by whom they are to be treated and allow for a collaboratively agreed prescription(s) to be provided. The ability to return to normal life and work are key service outcomes thereby improving the individual's quality of life.

This is achieved by providing services that are focused on:

Person (Patient) Centred Service: Informed Patient Choice

- Patient Information Pack
- The patient or their advocates are provided access to all the information necessary to make informed and timely choices
- Collaboratively produced personalised care plans with the Patient/MDT including individual goal setting and improving and maintaining health and well-being
- The Patient working collaboratively with the MDT may exercise their patient choice to decide by whom they are seen and where they receive their treatment

Timing of Treatment

Appointments need to be agreed, flexible and include emergency appointments. There should be sufficient time allowed for clinicians to work with service users to achieve an optimal outcome at each appointment and over time.

The dynamic nature of rehabilitation means that as the patients goals change so does the rehabilitation and re-ablement programme.

Area of focus to maximise independence would be:

- Education and Advice
- Mobility and Stability
- Activities of Daily Living
- Occupational/Vocational Management
- Recreation
- Social and Psychological Wellbeing

The service is expected to cover Kent and Medway.

The total contract value is currently expected to be £2,034,442 (based on 2023/2024 values). All figures are subject to change.

The contract will be for an initial 30-month period, with the option to extend for a further 24 months (2 x 12-month extensions). A 6-month notice period will be in place.

Providers who are interested in delivering these services are asked to express their interest and provide evidence of their capability and capacity in relation to the service requirements through a Market Engagement Questionnaire by no later than 12 Noon on 17th April 2024

This exercise is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioner.

II.3) Estimated date of publication of contract notice

1 May 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section VI. Complementary information

VI.3) Additional information

This notice is an information gathering exercise rather than a call for competition in its own right, and therefore publication or response does not commit the Authority or respondents to a future procurement, nor provide any process exemptions or preferential treatment to any parties expressing an interest. The Authority will not be liable for costs incurred by any interested party in participating in this exercise.

Interested providers will be able to view this opportunity via the live opportunities list on the 'Health Family' e-procurement system, Atamis. Click on 'View our Live Opportunities' from the home page, available on the following link: <https://health-family.force.com/s/Welcome>.

Once you have found the opportunity (via the search function, using the title or reference number), to gain full access to the relevant information and market engagement questionnaire, you will need to click on 'Register interest' - this will take you to the log-in page.

If you are not already registered on the system, you will need to do so before gaining full access to the documentation and to be able to submit your expression of interest / market engagement questionnaire using the correspondence function within Atamis

This is a Provider Selection Regime (PSR) intended approach notice and subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this notice.
