II.1.4) Short description

The Coal Authority invites you to tender for the provision of wireline geophysical logging services for the Authority in a range of mine shafts and boreholes across the UK on a two year framework agreement with terms based on the Authority's services contract.

We will appoint up to 5 contractors to the framework.

A quotation will be requested from each contractor for each survey work package and work will be allocated based on price, availability and ability to meet the technical specification.

The works required is detailed within the Scope and tenderers are advised to read and consider all aspects of the tender documents before preparing your tender submission.

The aim of the documents is to outline the minimum technical and performance levels required by the Coal Authority should your organisation be awarded a contract.

All documents are freely accessible on our procurement portal which can be found at this address - <https://inbye.coal.gov.uk/s2c/>
