UK2 - Preliminary Market Engagement Notice - Biodiversity Unit and Carbon Credits

National Highways

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-009892

Procurement identifier (OCID): ocds-h6vhtk-04edb2

Published 18 March 2025, 12:47pm

Changes to notice

This notice has been edited. The [previous version](#) is still available.

Scope

Description

National Highways expect to need to purchase Biodiversity units to meet Biodiversity Net Gain regulations and achieve 10% net gains in biodiversity levels through our work to maintain and develop England's Strategic Road Network. We also expect to need to

purchase Carbon Credits and this engagement exercise will focus on biodiversity, but explore the benefits of linking in to our Carbon Credit requirements.

We are at the early stages of understanding market capability to cover a range of habitat types. We will engage with the market to explore current capacity, planned enhancements to capacity and timescales for such. A short term solution using our existing Dynamic Purchasing System is being investigated separately.

We expect to enable our resultant framework, so that it can be used by the wider public sector, as such the values quoted at this stage are indicative only.

This engagement will inform a procurement, the details of which are still to be determined. Any learning gained from this early engagement will be shared with interested parties.

Commercial tool

Establishes a framework

Total value (estimated)

- £200,000,000 excluding VAT
- £240,000,000 including VAT

Above the relevant threshold
