Contract

Anatmage Tables

University of Ulster

F03: Contract award notice

Notice identifier: 2021/S 000-009901

Procurement identifier (OCID): ocds-h6vhtk-02a843

Published 6 May 2021, 10:55pm

Section I: Contracting authority

I.1) Name and addresses

University of Ulster

Block X Room X031, Cromore Road

Coleraine

BT52 1SA

Email

l.mcneill@ulster.ac.uk

Telephone

+44 2870123051

Country

United Kingdom

NUTS code

UKN - Northern Ireland

National registration number

NIC100166

Internet address(es)

Main address

www.ulster.ac.uk

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Anatomage Tables

Reference number

Project Code_26268

II.1.2) Main CPV code

- 33192200 - Medical tables

II.1.3) Type of contract

Supplies

II.1.4) Short description

Anatomage tables

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £234,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKN0 - Northern Ireland

Main site or place of performance

Magee Campus. Londonderry (Medical School)

II.2.4) Description of the procurement

Anatmage Tables

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

A request for the direct award contract (DAC) for the purchase of 3 Anatomage tables (virtual dissection and visualisation system for anatomy education) to be used by students from the School of Medicine, Ulster university.

The basis of request for DAC is absence of no reasonable alternatives or substitutes that exist on the market. The school aims to provide anatomy teaching without the use of the 'traditional' use of cadaveric models – but rather use digital methods of teaching. Anatomage are the only company that provides full size comprehensive real human anatomical maps. Anatomage's digital bodies capture real organs and vascular connections. Their entire vascular, arteries and vein structures are intricately traced and fully connected, establishing a full nerve distribution. Anatomage's present digital bodies have achieved the highest level of detail and comprehensiveness – which is accomplished using the finest segmentation system. Anatomage tables are the company is digital anatomy learning that provide full-size digital cadaveric model in absence of human cadavers. Anatomage is the only 3D anatomy education tool that features anatomy and physiology functions.

Furthermore an additional reason for the request of DAC is exclusivity of technical functions of the Anatomage products. Anatomage are the only company in this sector who design and own all features in their product, others combine software from an array of sources – for these reasons the technical support for all features of anatomage products are provided solely from anatomage.
