Description

Provision of a fuel management system

To be an advanced, future-proof solution to support the Council's operations with robust financial management, and ongoing compliance with MID approval (Weights & Measures).

Requirement includes,

1. Hardware, software and all year one costs inclusive.
2. Ongoing software costs for a further 3 years

Features must include:

- 24-hour unattended vehicle refuelling
 - Ability to deny access to unauthorised drivers/vehicles
 - Real-time enabled to control access to fuel
 - Advanced usage, exception and environmental reporting
 - Communication of fuel usage information for multiple sites back to one central point
 - Enables integration with third party systems for vehicle tracking
 - Supports export of data in formats including: XML, CSV, PDF, MHTML, Excel, and Word
 - Automatic reporting functionality
 - Reorder and low-level stock warnings
 - Live stock level monitoring
-
