#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

This notice is placed as a Prior Information Notice (PIN) to inform the market of NHS England South East's, (the Commissioner's), intention to recommission Complex Disability Equipment - Prosthetic Specialised Services to individuals of all ages with Limb Loss.

The Commissioner would like to understand the level of provider interest in delivering these services.

The service aims to maximise the mobility, independence, and quality of life of the individual, working in collaboration with the patient as equal partners.

This aim is achieved by the provision of prostheses (artificial limbs) through a dedicated and specialised multidisciplinary team.

These specialised services seek to empower patients, provide them with information

about their condition(s) and offer individual choice(s) about where, how and by whom they are to be treated and allow for a collaboratively agreed prescription(s) to be provided. The ability to return to normal life and work are key service outcomes thereby improving the individual's quality of life.

This exercise is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioner.
