## **Scope**

## **Reference**

ICT14908

## **Description**

The project is for the procurement of SAP's Enterprise Resource Planning (ERP) cloud-based solution 'RISE with SAP'. This are business-critical applications to provide TfL's core backoffice business functions of finance, procurement and supply chain management and logistics. TFL's current ERP system (called 'SAP ECC 6'), which is provided by SAP, will no longer be supported after December 2027. TfL proposes to make a direct award to SAP (the same provider) of a contract to provide a new ERP system 'RISE with SAP', giving access to SAP applications supported by SAP S/4HANA and built on a hosted SaaS-like architecture

which is fully maintained by SAP and provides for improved data management and analytics/reporting. TfL is purchasing subscriptions to different modules provided either as 'Private Cloud Tailored Option' or public cloud services.
