- UKJ44 - East Kent

II.2.4) Description of the procurement

SCOPE OF WORKS

The successful Contractor shall carry out a Risk Assessment and produce a Method Statement (RAMS) of their proposed inspection and testing process

A programme of the sequence of Works shall be agreed upon between the AO and Contractor with input from the end users.

Before commencement, the Contractor shall allow for attending a pre-contract/mobilising meeting with the AO and other stakeholders. This meeting will also discuss the day-to-day arrangements of the Contractor's safe methods of working including approach and methods for liaising with the relevant wards and departments before each stage of the Works. Notes of decisions will be taken and circulated by the Compliance Manager.

The Contractor shall allow for attending quarterly progress meetings with relevant parties.

The Contractor shall ensure that assets have their annual Gas Safety Inspection on or before the last inspected date.

The Contractor shall be responsible for providing advance notice to the AO of any necessary required shut down and the period of shut down and recommencement of system

The Contractor shall immediately notify the AO of any condition that is unsafe or likely to become unsafe within a short time.

The Contractor is to provide his engineers with all the necessary PPE, tools and access equipment including step ladders, scaffold towers and mobile elevating work platforms (MEWP) etc. required to undertake the work safely.

II.2.5) Award criteria
