The 12 month extension provides Northern with the flexibility to ramp up internal resources. On the Expiry Date the impacted Service Provider employees will transfer to the Operator as to ensure the technical competencies are available.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

CAF are the Original Equipment Manufacturer of these fleets of trains and since the trains were first introduced CAF through the ITSS provisions of the TSSSA have developed their workforce with the technical capabilities and competencies required in order to maintain the fleets across the various locations Northern operate and maintain these fleets from.

Retaining this higher level of technical support from CAF for the next 12 months will avoid a cliff-edge drop in reliability and availability that would result from moving the labour supply away from CAF.
