- UK - United Kingdom
- UKG - West Midlands (England)

Main site or place of performance

The Area 9 Strategic Road Network includes Herefordshire, Shropshire, Staffordshire,

Warwickshire, West Midlands and Worcestershire.

II.2.4) Description of the procurement

The successful tenderer will be required to provide all routine and response maintenance, incident response, defect rectification (when instructed by Highways England) and severe weather delivery on the all-purpose trunk roads and motorways within the West Midlands (Highways England Area 9) in accordance to Highways England standards and objectives.

Additional duties will also include maintenance of roadside technology, the provision of traffic management for the contractor's maintenance and response activities (including traffic management) during incidents and where instructed by Highways England and the maintenance of depots. Under the Construction (Design and Management) Regulations 2015 the contractor will be Principal Contractor for all work they undertake and where / if instructed otherwise by the Service Manager. Highways England may consider amending the duties listed above and may remove or amend these as appropriate during the contract period.

The Service Period for the maintenance and response contract is for a duration of 8 years, and the successful provider will be expected to operate collaboratively with other service providers and stakeholders in order to achieve Highways England's objectives.

II.3) Estimated date of publication of contract notice

30 June 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information
