Description

Granada cranes are required to procure, deliver and install a replacement radio control system for the CCP Monobox crane support a wider refurbishment and modernisation programme ongoing to return the crane to reliable service. In addition to this upgrade work this scope is to include rebuild and reinstatement of the existing cross travel drive system on the CCP Monobox crane. Initial work through Granada was commenced in 2023 through Waste programme after consultation with company Lifting Manager. Funded by Waste programme. Further refurbishment following Condition survey is funded through Asset Management – Asset Care budget. Further work is described under ACP-1876.
