II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

These contracts are awarded to an existing group of providers and the healthcare services under these contracts can only be provided by that group. Although we would not restrict the number of providers who deliver these LES/LCS services provided they meet the contract and specification criteria, the primary reason that these services can only be delivered by this group of providers (primary care) is because they are required to hold a General Medical Services (GMS) or Personal Medical Services (PMS) contract and deliver the LES/LCS alongside these services; the LES/LCS is designed to enhance the GMS/PMS contract and not stand alone, therefore, interdependency between the two services is paramount. For this reason not every GP delivers every LES/LCS and some may pool resources to ensure every LES/LCS is offered through a primary care provider for their registered population.
