## **II.2.4) Description of the procurement**

The Council entered into a deed of variation with the Developer and the Guarantor in relation to an existing development agreement between the parties (the Underlying Contract) to address changing circumstances since the Underlying Contract was entered into in accordance with Reg. 72 of the PCR15. The location, duration and nature of the works remains broadly the same, still delivering new build housing, workspace, street market facilities and public realm improvements subject to a reduction in minimum affordable housing levels to 40% and a reduction in the minimum required level of workspace re-provision in alignment with Local Plan policy for mixed-use regeneration schemes. The Council has received commercial advice to review the updated financial appraisals and ensure that the costs and revenues are commercially reasonable, reflective of the wider market and represent best consideration for the Council

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

A procurement procedure is not necessary on the basis that the award of the contract (the Deed of Variation) is permitted pursuant to regulation 72(1)(c) of the Public Contracts Regulations 2015. The need for modification has been brought about by significant domestic and international economic turbulence, including substantial build cost inflation, rises in UK interest rates and ongoing shifts in how businesses use and occupy workspace post-covid together with the implementation of legislative and regulatory changes with respect to Building Safety . The overall scheme remains broadly the same in nature delivering new build housing, workspace, street market facilities and public realm improvements. The Council has received commercial advice to review the updated financial appraisals and ensure that the costs and revenues are commercially reasonable, reflective of the wider market and represent best consideration for the Council. The Developer's percentage return has reduced. Moreover, the variation is also not substantial within the meaning of regulation 72(1)(e) of the Public Contracts Regulations 2015.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

### IV.2) Administrative information
