The Medical Consumables team, which forms part of Leidos Supply Ltd. is considering the potential requirement for the Provision of Custom Made Orthotics on behalf of the UK MoD.

The framework length should not exceed 4 years and is anticipated to commence in 2025.

The value of this framework is estimated at £4,000,000.

Please note: this PIN is for information only (market research) and is not a pre-qualification exercise.

In addition, please note that as a framework agreement there is no guarantee of business.

Team Leidos would like to make interested suppliers aware that we are considering the potential requirement for the Provision of Custom-Made Orthotics, with a view to awarding a contract that is due to commence during 2025 for a period of up to 4 years.

A bespoke (made to measure) service is required, with the provision of 3D digital scanning capability compatible with a tablet (Ipad) and supporting software for the duration of the agreement. The requirement will also include a need for Technical Support, Administrative Support and Training.

The following materials would be used for the making of bespoke orthotics:

? Polyurethane/EVA/Poly ? 3D printed Nylon

? Carbon Fiber ? Performance RX/Direct Milled

## **Section VI. Complementary information**

### **VI.3) Additional information**

In April 2015 the MOD signed a thirteen year contract with Leidos Europe Ltd to provide the procurement and inventory management of commodity items (as well as the storage and distribution services) historically provided in-house by the Logistic Commodities and Services Operating Centre. Leidos, working with the MOD, will transform the way these services are delivered to ensure requirements continue to be met whilst providing best value for money for the department. The organisation delivering these services is known as Team Leidos. Team Leidos would like to make interested suppliers aware that it intends to invite tenders for its Provision of Custom Made Orthotics.
