Description

Procure Plus are a value focused, not for profit company that specialises in the procurement of goods and services related to both the new build, repair, and maintenance of social housing. Procure Plus are a leading central procurement authority delivering commercial tools and procurement solutions for social housing and the wider public sector. To support the growth in its customer base, Procure Plus is reviewing the suitability of its legacy tender management system. This engagement is with a view to Procure Plus licencing software and the associated service costs for the purposes of undertaking project-based procurement exercises.

Suppliers who express an interest in engaging with Procure Plus will be required to complete a short questionnaire that summarises their organisation and experience. To manage the resource of both the suppliers who express an interest in this exercise and Procure Plus, Procure Plus reserves the right to decline to engage with organisations who do not at the time of this engagement exercise provide the software and services described within this notice. Procure Plus does not intend to engage with providers of consultancy services associated with the software described in this notice.
