Section I: Contracting authority

I.1) Name and addresses

University of Strathclyde

McCance Building, 16 Richmond Street

Glasgow

G1 1XQ

Email

jemma.wylie@strath.ac.uk

Country

United Kingdom

NUTS code

UKM82 - Glasgow City

Internet address(es)

Main address

<http://www.strath.ac.uk/>

Buyer's address

https://www.publiccontractsscotland.gov.uk/search/Search_AuthProfile.aspx?ID=AA00113

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Supply, Delivery, Installation and Commissioning of an Automated Dosing Platform for CMAC

Reference number

UOS-31797-2024

II.1.2) Main CPV code

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

II.1.3) Type of contract

Supplies

II.1.4) Short description

This Contract Non-Award Notice relates to a tender to provide the Continuous Manufacturing and Advanced Crystallisation centre (CMAC) with an Automated Dosing Platform to operate in their existing world class research facility in the Technology and Innovation Centre at the University of Strathclyde. This Lotted Contract was to be awarded in whole, in part or not at all.

A sole supplier was to be appointed to the each of the awarded Lots.

The platform would integrate with third party workflow software to dose specific amounts of solids and/or liquids to vials of a given size. CMAC were looking for solid and liquid dosing capability from the offered system(s). Tenderers were able to submit a bid for either as a single combined solid & liquid dosing system or as a separate solid dosing platform and/or liquid dosing platform.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.2) Description

II.2.1) Title

Combined Solid and Liquid Dosing system

Lot No

3

II.2.2) Additional CPV code(s)

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

II.2.4) Description of the procurement

The automated combined solid and liquid dosing platform was required to dose a wide range of pharmaceutical powdered solids and liquids into an array of different containers. The material/liquid and amount to be dosed will be determined by third party workflow software. The controlling software for the combined solid and liquid dosing platform software must be able to integrate with third party

workflow software, as well as an automated balance, capping station and robotic arm (if not supplied as part of the combined solid and liquid dosing station). The combined solid and liquid dosing platform must fit inside a standard fumehood and an automated robotic arm must be able to access the vials that the been dosed and transport them to a table outside the fumehood.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60

Cost criterion - Name: Cost / Weighting: 40

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Authority reserves the right to request additional deliveries by the Successful Tenderer, either intended as partial replacement of supplies or installations or as extensions of existing supplies and installations.

The Contracting Authority may at its sole discretion exercise this option.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Liquid Dosing System

Lot No

2

II.2.2) Additional CPV code(s)

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

II.2.4) Description of the procurement

The automated liquid dosing platform was required to dose a wide range of liquids into an array of different containers. The liquid and amount to be dosed will be determined by third party workflow software. The controlling software for the liquid dosing platform software must be able to integrate with third party workflow software and a solid dosing system, as well as an automated balance, capping station and robotic arm (if not supplied as part of the liquid dosing station). The liquid dosing platform must fit inside a standard fumehood alongside a solid dosing platform and an automated robotic arm must be able to access the vials that have been dosed and transport them to a

table outside the fumehood.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60

Cost criterion - Name: Cost / Weighting: 40

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Authority reserves the right to request additional deliveries by the Successful Tenderer, either intended as partial replacement of supplies or installations or as extensions of existing supplies and installations.

The Contracting Authority may at it's sole discretion exercise this option.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Solid Dosing System

Lot No

1

II.2.2) Additional CPV code(s)

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

II.2.4) Description of the procurement

For this Lot, the automated solid dosing platform was required to dose a wide range of pharmaceutical powdered solids into an array of different containers. The material and amount to be dosed will be determined by third party workflow software. The controlling software for the solid dosing platform software must be able to integrate with third party workflow software and a liquid dosing system, as well as an automated balance, capping station and robotic arm (if not supplied as part of the solid dosing station). The solid dosing platform must fit inside a standard fumehood alongside a liquid dosing platform and an automated robotic arm must be able to access the vials that the been

dosed and transport them to a table outside the fumehood.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60

Cost criterion - Name: Cost / Weighting: 40

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Authority reserves the right to request additional deliveries by the Successful Tenderer, either intended as partial replacement of supplies or installations or as extensions of existing supplies and installations.

The Contracting Authority may at it's sole discretion exercise this option.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2024/S 000-024281](#)

Section V. Award of contract

Lot No

1

Title

Solid Dosing System

A contract/lot is awarded: No

V.1) Information on non-award

The contract/lot is not awarded

No tenders or requests to participate were received or all were rejected

Section V. Award of contract

Lot No

2

Title

Liquid Dosing System

A contract/lot is awarded: No

V.1) Information on non-award

The contract/lot is not awarded

No tenders or requests to participate were received or all were rejected

Section V. Award of contract

Lot No

3

Title

Combined Solid and Liquid Dosing system

A contract/lot is awarded: No

V.1) Information on non-award

The contract/lot is not awarded

No tenders or requests to participate were received or all were rejected

Section VI. Complementary information

VI.3) Additional information

(SC Ref:793755)

VI.4) Procedures for review

VI.4.1) Review body

Glasgow Sheriff Court and Justice of the Peace Court

Glasgow
