II.2.4) Description of the procurement

WM5G intend to award a contract to support a trial for Capsule Endoscopy. This agreement is intended to be awarded in June 2021 and will be to identify a supplier to provide technical support to shape and deliver the components required for a home-delivered capsule endoscopy service providing both the technical solution and its integration into care pathway process and operating procedures.

Successful delivery of this trial will require the experience and understanding of a managed service delivery organisation already delivering community based colon capsule endoscopy services in an NHS environment. There is only one organisation in this position, currently providing the national Scotcap rollout in Scotland. We believe this is the only national community-based delivery on the world.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The products, services and support can be provided only by a particular contractor that can demonstrate existing capability to deliver community based colon capsule endoscopy within the NHS. This VEAT notice is alerting the market of WM5G's intention to award a contract via a sole source procedure and not via a competitive tender via OJEU. WM5G intends to award a contract for the above once a 30 day period has ended. The 30 day period will commence from the publication of this notice. A formal 10 day standstill period is included in the 30 Day period.
