Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Supply of Gases to the Air Quality Monitoring Network

II.1.2) Main CPV code

- 44612100 - Gas cylinders

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Environment Agency (EA) requires the supply of gas cylinders to a number of Automatic Urban and Rural Network (AURN) air quality monitoring sites distributed across the UK to enable analysis of air pollution. The current number of AURN sites requiring the supply of gases is around 160. There will be an additional 104 PM2.5 sites delivered through the PM2.5 expansion over the next 3 years, however, only 89 of these are completely new sites. Also not all of the 89 sites will require gases, only those that have other analysers installed.

The Agency also requires the supply of calibration and zero gas cylinders to meet its operational and quality needs. as well as a supply of UKAS or equivalent ISO 17025 certified cylinders

II.1.5) Estimated total value

Value excluding VAT: £970,600

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 24100000 - Gases

- 24110000 - Industrial gases

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Throughout U.K.

II.2.4) Description of the procurement

The Environment Agency (EA) requires the supply of gas cylinders to a number of Automatic Urban and Rural Network (AURN) air quality monitoring sites distributed across the UK to enable analysis of air pollution. The current number of AURN sites requiring the supply of gases is around 160. There will be an additional 104 PM2.5 sites delivered through the PM2.5 expansion over the next 3 years, however, only 89 of these are completely new sites. Also not all of the 89 sites will require gases, only those that have other analysers installed.

The Agency also requires the supply of calibration and zero gas cylinders to meet its operational and quality needs as well as a supply of UKAS or equivalent ISO 17025 certified cylinders.

The volume of gas usage provided in the Specification are estimates and can not be guaranteed.

The scope of requirement is as follows:

- the supply of zero gases
- the supply of span gases (NO, NO₂, SO₂ and CO) to the standard stated in the Specification.
- the supply of span gases with ISO17025 accreditation and their accreditation certificates as outlined in the specification.
- the supply of H₂S (ISO17025 accredited and non-accredited) and ISO17025 accredited Methane / Propane gases.
- a delivery network that is able to reach all of the United Kingdom including Northern Ireland.

- a digital tracking and invoicing system to ensure gases returned after rental over a number of years are managed through a reliable accounting system.

The contract period is for an initial term of four (4) years from 1st September 2024 to 31st August 2028, with the option to extend up to twenty-four (24) months .

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 50

Quality criterion - Name: Sustainability / Weighting: 10

Price - Weighting: 40

II.2.6) Estimated value

Value excluding VAT: £970,600

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 September 2024

End date

31 August 2028

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

May be extended for additional periods up to a maximum period of two (2) years bringing the total contract period to six (6) years.

Note that the estimated contract value in Sections II.1.5 and II.2.6 is the estimated value for both the initial contract period and the extension period.

The Authority is not obligated to extend the contract after the initial four (4) years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

The procurement documents are available for unrestricted and full direct access, free of charge, at <https://defra-family.force.com/s/Welcome>

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

10 May 2024

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 5 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

10 May 2024

Local time

12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: Yes

Estimated timing for further notices to be published: Likely to be 12 months before the extension term expires which is 31/08/2029

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted
