Published 20 March 2025, 8:31am

Scope

Reference

WYFRS0172

Description

The requirement to build a fit for purpose data centre.

Within scope and expected outcomes:

Change type of existing room/space/building within a current WYFRS location into a functioning data centre. This should include but not limited to the following, building works including refurbishment covering all aspects of a business environment.

The site will have the ability to include- Aircon, UPS, generator, electrical, flooring and ceiling. Be able to make good, and complete the data centre install with standardised racking, forced air cooling or equivalent for efficiency. Turning an existing space into a small data centre housing at least 6 racks.
