New Hospital Programme - Market Engagement PIN

NHS England

F01: Prior information notice

Prior information only

Notice identifier: 2024/S 000-010328

Procurement identifier (OCID): ocds-h6vhtk-044e56

Published 28 March 2024, 2:33pm

Section I: Contracting authority

I.1) Name and addresses

NHS England

7-8 Wellington Place

Leeds

LS1 4AP

Email

nhp.suppliers@nhs.net

Country

United Kingdom

Region code

UK - United Kingdom

Internet address(es)

Main address

<https://www.england.nhs.uk/>

Buyer's address

<https://www.england.nhs.uk/>

I.3) Communication

Additional information can be obtained from the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

<https://health-family.force.com/s/Welcome>

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

New Hospital Programme - Market Engagement PIN

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

This Prior Information Notice ('PIN') is in relation to the New Hospitals Programme ('NHP') market engagement activity rather than a specific contract or proposed procurement. This PIN is to inform Main Works Construction suppliers and other associated suppliers that NHP wishes to commence market engagement and consultation and invites suppliers who would like to engage with NHP, and who have not already done so, to register interest via the questionnaire referred to in this PIN.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45000000 - Construction work
- 71222000 - Architectural services for outdoor areas
- 45200000 - Works for complete or part construction and civil engineering work
- 45310000 - Electrical installation work
- 71322000 - Engineering design services for the construction of civil engineering works
- 45453100 - Refurbishment work
- 71311100 - Civil engineering support services
- 71521000 - Construction-site supervision services
- 71323100 - Electrical power systems design services
- 42416000 - Lifts, skip hoists, hoists, escalators and moving walkways
- 44114000 - Concrete
- 45100000 - Site preparation work
- 45111000 - Demolition, site preparation and clearance work
- 51100000 - Installation services of electrical and mechanical equipment
- 45112700 - Landscaping work
- 45223210 - Structural steelworks
- 45215120 - Special medical building construction work

- 45213312 - Car park building construction work
- 51000000 - Installation services (except software)
- 71420000 - Landscape architectural services
- 71000000 - Architectural, construction, engineering and inspection services
- 45451000 - Decoration work
- 71200000 - Architectural and related services
- 51111300 - Installation services of transformers
- 44100000 - Construction materials and associated items
- 71210000 - Advisory architectural services
- 45215100 - Construction work for buildings relating to health
- 45215140 - Hospital facilities construction work
- 42161000 - Hot-water boilers
- 42961200 - Scada or equivalent system
- 71223000 - Architectural services for building extensions
- 71300000 - Engineering services
- 71313420 - Environmental standards for construction
- 39130000 - Office furniture
- 39100000 - Furniture
- 71510000 - Site-investigation services
- 71220000 - Architectural design services
- 71541000 - Construction project management services
- 79415200 - Design consultancy services
- 71315000 - Building services
- 71313000 - Environmental engineering consultancy services
- 71500000 - Construction-related services
- 85110000 - Hospital and related services

- 33100000 - Medical equipments
- 31214500 - Electric switchboards
- 33124000 - Diagnostics and radiodiagnostic devices and supplies
- 71311000 - Civil engineering consultancy services
- 71540000 - Construction management services
- 45262000 - Special trade construction works other than roof works
- 71311300 - Infrastructure works consultancy services
- 71321000 - Engineering design services for mechanical and electrical installations for buildings
- 71530000 - Construction consultancy services
- 45300000 - Building installation work
- 44211100 - Modular and portable buildings
- 33158000 - Electrical, electromagnetic and mechanical treatment
- 33000000 - Medical equipments, pharmaceuticals and personal care products
- 45315000 - Electrical installation work of heating and other electrical building-equipment
- 45317000 - Other electrical installation work
- 50710000 - Repair and maintenance services of electrical and mechanical building installations
- 44000000 - Construction structures and materials; auxiliary products to construction (except electric apparatus)

II.2.3) Place of performance

NUTS codes

- UKI32 - Westminster

Main site or place of performance

Various existing and new sites across the UK regional health trust landscape.

II.2.4) Description of the procurement

As part of the Government's long-term plan to provide the NHS with the facilities it needs for the future, the New Hospital Programme represents the biggest hospital building programme in a generation and will deliver brand new, state-of-the-art facilities to ensure

world-class provision of healthcare for NHS patients and hospital staff across England. The New Hospital Programme, which is being delivered as a joint venture between the Department for Health and Social Care (DHSC) and NHS England (NHSE), represents an investment of over £20 billion in health infrastructure. NHP will act as a trailblazer for Government procurement, with a focus on implementing the principles of the Construction Playbook and implementing the UK's ambitious net zero target.

The New Hospital Programme needs to be able to deliver new hospitals concurrently, and to do so needs to change from the traditional approach to a national programme approach. The NHP's programmatic approach will deliver hospitals as efficiently and effectively as possible, while recognising the individual needs and circumstances of each hospital scheme.

46 new hospitals will be delivered by the New Hospital Programme with all but nine due to be complete by 2030-31 and the Programme's transformation of the way that hospitals are developed, designed, constructed, and commissioned will build an enduring capability to continue to deliver new generation hospital facilities way beyond the initial first phase.

Progress is already underway with four hospitals already open to patients and four more hospitals expected to open by the end of the next financial year. Furthermore, 18 hospitals are in construction, or either have early construction activity underway or already completed to prepare sites. The NHP is working closely with the remaining schemes to develop their plans.

Based on clinical and digital transformation, the NHP is developing a set of technical standards, design, process and rules which will be known as Hospital 2.0. (H2.0) which will evolve and mature over time. H2.0 is a standardised design for future hospitals which will benefit patients and staff through digital solutions and optimised hospital layout. More developed schemes such as those already in construction will apply principles of H2.0, whilst schemes in an earlier stage of development that are still developing their plans will more fully adopt Hospital 2.0 components into their designs.

NHP's approach to building new hospitals will transform the way we deliver healthcare infrastructure for the NHS. The programmatic approach will facilitate continual improvement and adapt in response to lessons learned from earlier schemes. As part of the delivery of these new hospitals, NHS Trusts, with support of the central programme team, will be incorporating best practice design certified with input from the UK's best qualified healthcare professionals to ensure the highest quality standards; with particular focus in areas such as improved patient flow, digitisation of services and clinical requirements. The new hospitals will make an important contribution to the Government's net zero target, and wider ambitions for sustainable development, and will complement those outlined in the NHS Long-Term Plan.

Further information regarding the Programme can be found at
<https://www.competefor.com/nhp/>

The New Hospital Programme market engagement Programme

The NHP has already initiated early supply market involvement across a wide range of suppliers and topics in support of developing the approach. This PIN is to inform Main Works Construction suppliers and other associated suppliers that that NHP wishes to commence market engagement and consultation and invites suppliers who would like to engage with NHP, and who have not already done so, to register interest via the questionnaire referred to in this PIN.

This PIN does not relate to a specific contract or proposed procurement but is to inform and invite any interested parties across the market. Please note that this is not a call for competition. Participation or non-participation in the New Hospital programme of market engagement will not influence the selection and/or award decision forming part of any future procurement process.

How to register to participate in the New Hospital programme of market engagement

The New Hospital Programme invites responses to the questionnaire available at:

<https://www.smartsurvey.co.uk/s/NHP-PIN/>

Completion of the questionnaire will inform future NHP market engagement activity and will act as the respondent's registration of their interest to participate in relevant market engagement activities.

II.2.14) Additional information

Conditions regarding this PIN: NHP has selected CPV codes at (insert ref) Main CPV code and (insert ref) Additional CPV code(s) that most closely fit the scope of this market engagement. Any organisation wishing to express interest in NHP can do so at any time prior to the procurement phase by contacting nhp.suppliers@nhs.net. This PIN is not a call for competition and is not published to reduce time limits for the receipt of tenders. Any dates and/or durations in this PIN are indicative only. Non-participation in the NHP's market engagement activities shall not prevent any supplier from participating in any future procurement. Publication of this PIN is part of the NHP's market engagement and due diligence process on its options, and the publication of this PIN does not indicate that a decision has been made on a particular route for a procurement and/or subsequent contract award. NHP is not obliged to respond to any correspondence on this PIN or any matter related to this market engagement. The decision to include any party/economic operator in any subsequent market engagement process shall remain with NHP alone. References to NHP are to the programme and team engaged by NHSE to deliver the programme. NHSE is the contracting authority for the purpose of the Public Contracts Regulations 2015.

II.3) Estimated date of publication of contract notice

28 March 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
