II.2.4) Description of the procurement

NRWAS manage an outsourced analysis contract for the wider business, delivering samples from our laboratory to a third-party laboratory for analysis. The reasons for outsourcing are generally when specialised methods are yet to be developed by NRW or where setting up in-house capability is uneconomical due to low sample numbers. The samples are collected from a range of matrices; including freshwater, trade, treated sewage, saline, biota and sediment. Reporting limits are often required in low, or very low ranges.

This Invitation to Tender is for a contract to provide NRW with water quality and environmental analysis and for providing results in a suitable format. The contract also includes the provision of a refrigerated courier service to collect samples from an agreed location.
