Description of options

6 month extension of the contracted service

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- No tenders or no suitable tenders/requests to participate in response to negotiated procedure with prior publication of a contract notice
- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The purpose of this Voluntary Transparency Notice is to notify the market that Dstl intends to conduct a single source procurement for the provision of specialist Experimental Hub (EHub) applied research support. The requirement is considered single source as it necessitates all of the following technical and delivery criteria that could not be met by an alternative supplier:

- Extensive recent experience and knowledge of the activities, working practices, priorities and constraints of the Army Information Activities (IA) Capability Programme, its Lead User organisation and the IA EHub project.
- Independence from services currently delivered to the Army IA Capability Programme and Information Activities EHub.
- Deep technical expertise and experience in applying to Military IA novel technologies and methods in the areas of digital communications, open source intelligence and applied data management and analytics.
- Extensive expertise and recent experience in the development and deployment of data exploitation and analytics capabilities on the MOD cloud-infrastructure.
- Deep understanding and recent experience of MOD and Army data management and governance structures, policies, and processes.

This procurement strategy will ensure that critical work can be delivered within the period

required and without undue risk or delay to the EHub project and the capability programme that it supports.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession
