Supplies

II.1.4) Short description

We recognise that people who are motivated, engaged, supported, and understand their purpose, power organisational growth. It is critical for us to find the tool(s) that will help us to deliver this. Our goal is to be able to assess our employees' strengths and identify weaknesses; and help our employees to grow, develop and thrive.

The Satellite Applications Catapult is seeking for a tool(s) to manage the following aspects of the employee's life cycle:

Lot 1 – Performance, Development and Engagement Tool

Lot 2 – Learning and Development Tool

Or

Lot 3 – Combined Tool

For more information about our requirement and the identified lots, please download the accompanying document.

This process will be undertaken compliantly within regulations. Prospective suppliers may be asked to present to a panel of stakeholders to display their tools capability.

We will be looking to publish the competition for this requirement over the next few weeks so please ensure that you have registered your interest on MyTenders to receive updates.

In the meantime, if you have any feedback about our proposed lotting structure or the content in any of the lots as it stands, please send this through to procurement@sa.catapult.org.uk with the reference "SAC-PIN-24-005" in the subject line.

II.2.4) Description of the procurement

A tool that manages performance and enables the creation of engaged and high-performing teams.

The tool needs to include:

- Instant and continuous feedback for individuals and the company (including 360 feedback)
- Goal setting and continual review of progress (on individual, team and organisational basis)
- The ability to link goals through individual and team to an organisational level
- The ability to set up review cycles with flexibility, to support and prompt managers and employees
- Space for self-reflections
- Multiple routes for engaging performance conversations
- An ability to report on the data and customise reports as per organisational needs

- Report and track diversity data
- Engagement (comprehensive and custom surveys including quick pulses)
- Identify opportunities for learning and development

The tool must also be customizable, adaptable and intuitive for our workforce. Our intent is that the tool helps managers to manage effectively and helps employees to align to our purpose and develop at the same time. The tool will not be mandated, people must want to use it because they understand the value it brings to them and their team.

Not essential, but desirable:

- Integration with our HRIS, Cezanne
- Access and connection to other departments goals
- Some of the shelf learning content, hints, and 'nudge' learning
- Change Management
- Supported by behavioral science
- Calibration enablement
