Section II: Object

II.1) Scope of the procurement

II.1.1) Title

FM1826 Wiltshire Council Partnering Maintenance Contracts

Reference number

DN717011

II.1.2) Main CPV code

- 50000000 - Repair and maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

Wiltshire Council are looking to engage contractors/suppliers on a 5 year contract with an optional extension period of up to a further 5 years, to deliver a full range of building maintenance activities across the Council's property estate from 01 October 2024.

This procurement will be divided into 6 Lots, with 1 contractor awarded to each Lot. Contractors may bid for one, multiple or all lots.

The Strategic Asset Maintenance and Facilities Management (SAM&FM) Service is responsible for the maintenance of this property estate. The SAM&FM service provides facility management from the 3 hub office buildings, and are responsible for reactive and planned preventative maintenance, building compliance, utilities management and energy efficiency across the portfolio.

To manage this diverse property portfolio, the client has identified a number of core contracts, which, taken together, will be used to deliver the full range of building maintenance activities. Combined, these contracts will ensure that the councils property portfolio remains safe, compliant, and fit for purpose and are designed to include for cyclical maintenance, capital repair of buildings, repair and replacement of systems and minor refurbishments.

The council envisions a collaborative partnership with the service provider to accomplish a comprehensive set of long- range objectives during the lifetime to the contract. These include...

- I. Ensure the timely repair of the Councils property and buildings
- II. Raise the level of compliance assurance within the property portfolio
- III. Standardise cyclical maintenance activity and integrate with SFG20
- IV. Raise the standard of maintenance of the property portfolio and introduce a rolling five year planned maintenance programme covering each part of the property portfolio
- V. Increase standardisation of building elements, equipment and systems across the property portfolio
- VI. Improve the resilience of key sites in the property portfolio

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots
