Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of LED Screen - supply and maintenance

II.1.2) Main CPV code

- 32351200 - Screens

II.1.3) Type of contract

Supplies

II.1.4) Short description

XPLOR is constructing a £7 million research and innovation centre which will be used to deliver a support programme for small businesses across West Yorkshire and beyond covering specialisms such as music, TV, film, sports, corporate events, theatre and arts. XPLOR project is financially supported by the European Regional Development Fund (ERDF) and the Department for Digital, Culture, Media and Sport (DCMS).

The new research and innovation centre will be open from March 2022. We are currently in the process of purchasing the equipment we need at the centre.

We require a LED Panel screen which we will use in a live performance, research and development environment. Primarily in a XR context and regularly 'in-camera'.

Our ambition is to deliver cinema and broadcast quality 'in-camera' content, in a similar style to "The Mandalorian". A high resolution, flicker free, wide viewing angle screen is essential. It is of particular note that the colour uniformity across the viewing angle is of paramount importance. The supplier must provide a warranty and servicing period of at least 12 months.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

Main site or place of performance

Production Park,

South Kirkby,

WF9 3NR
