Scope

Description

The Environment Agency is holding a supplier pre-market engagement event in relation to the future procurement of services to support its management of illegal, non-compliant or abandoned waste and landfill sites. We would like to understand how the supply market could potentially support the Environment Agency if suitable contract(s) for future

requirements in these areas were to be established.

The event will take place on the 26th of March 2025 at 10am GMT via Microsoft Teams for all interested suppliers to attend and where the project team will provide a detailed presentation of the ask, with an open Q&A session to follow. An initial questionnaire will be issued to suppliers to be completed in advance of the event upon their request to participate. There will be an opportunity to both ask questions during the event and provide information in a closed setting via a further post event questionnaire.
