IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

There is limited competition in the radiopharmaceutical market, Greater Glasgow and Clyde require Radiopharmaceutical preparation kits such as NANOTOP, IELMAG3 and TEKTRITYD to use when carrying out diagnostics treatment. Therefore for reasons of compatibility and continuity in delivering quality patient care, no other supplier can provide Radiopharmaceuticals preparation kits other than the incumbent supplier. Due to current timescales, to initiate a procurement exercise would lead to disruption and a negative impact on patient care.
