II.2.4) Description of the procurement

The objective of Framework Agreement is to: support the Contracting Authorities' ability to improve population health: increase diagnostic capacity: improve productivity and efficiency of diagnostic activity, contribute to reducing health inequalities, deliver a better and more personalised diagnostic experience for patients and support integration of care.

The framework will be divided into a number of clinical diagnostic modalities and sub-modalities. Successful providers onto the framework (a "Provider" and "Providers") will , during the procurement process and potentially during the term of the framework, identify those modalities and sub-modalities which they are capable of providing in identified locations and also identify whether or not they have their own facilities from which such services could be provided from(though this will not be evaluated in competition). A Framework Agreement will be entered into by NHS England on behalf of all Contracting Authorities with each successful Provider assessed as capable of providing such Services (or any of them) through this procurement process. The end date of each Framework Agreement awarded pursuant to this "Refresh 1" procurement will be 12 December 2024 with an option to extend for a further 24 month period (the "Term").

However (as permitted pursuant to Regulation 74(7)), it is anticipated (but not guaranteed) that the Framework will:

- be opened to new potential Providers every 12 months within the Term (in which case new Framework Agreements awarded shall be for the remaining length of the original Term only); and
- be opened or "refreshed" at any time during the Term to allow new and existing Providers to apply for new modalities or sub-modalities relating to the Services.

When awarding contracts pursuant to the framework it will be for Contracting Authorities to determine which modalities or sub-modalities they wish to purchase based on local need and award will be permitted on the basis of either criteria set out in the Framework Agreement or further competition among those on the Framework.

Contracts called off from the Framework from Contracting Authorities shall be based upon the NHS Standard Contract or Sub-Contract at National and Local NHS Prices and discounts may be offered

II.2.6) Estimated value

Value excluding VAT: £10,000,000,000

II.2.7) Duration of the contract or the framework agreement

(Referred to from IV.1.11) - The services in scope of this procurement process are health care services which fall under “social and other specific services” in Section 7 of the Public Contracts Regulations 2015 (“PCR”). In accordance with Regulation 76 PCR, the process is to set up a closely mirror a framework agreement and the procurement of it will follow a procedure like the open procedure. However, NHS England and the Contracting Authorities using the framework are only bound by the parts of the PCR that specifically apply to social and other specific services. For the avoidance of doubt, the rules that apply to the open procedure under Regulation 27 and framework agreements under Regulation 33 do not apply to this procurement. All providers that meet the minimum requirements set out under the procurement process (which will include both traditional selection and evaluation criteria on a pass/fail basis) will be appointed to the framework agreement. There will be no maximum number of providers appointed. Providers must be able to ensure their ability to begin Service provision from the 1st November 2022, if required by any Contracting Authority.

The tender is being run through the EU Supply portal; information and ITT documentation can be found at <https://uk.eu-supply.com/login.asp?B=agcsu>, Quote/tender 52423 Invitation to Tender For Community Diagnostic Centre Refresh Framework Agreement.
