Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

All operational Coastguards (approximately 350 staff) would require training on new software, which cannot be accommodated at this time. This new contract will replace existing contracts for NAVTEX, DSC and NAVTEX Cloud with a new fully managed service contract, utilising the existing software provided by the incumbent supplier (ICS) for a 12 month period from 1 April 2022. It is MCA's intention to run a competitive procedure in 2022, including training requirements, for the next incarnation of the NAVTEX managed service. This will allow for HM Coastguard to plan to support the necessary training requirements.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2022/S 000-003802](#)

IV.2.9) Information about termination of call for competition in the form of a prior information notice

The contracting authority will not award any further contracts based on the above prior information notice
