# I.6) Main activity

Railway services

# **Section II: Object**

# II.1) Scope of the procurement

### II.1.1) Title

MetroWest 1b - Portishead Branch Line Works

Reference number

140569

### II.1.2) Main CPV code

45000000 - Construction work

## II.1.3) Type of contract

Works

#### II.1.4) Short description

A multi-disciplinary works project for the re-opening of a passenger service between a new Portishead station and Bristol Temple Meads, including 5.5km of new railway to be constructed on disused line between Pill and Portishead.

Works comprise of, but not limited to, detail design, surveys, environmental & ecology, civils, track, highways, buildings, telecoms, M&E and E&P. Depending on funding and consents, the overall value range could be anywhere between £45million to £70million.

It is proposed to use a target cost contract (NR12) for a single procurement event for design & construct, where the construction implementation phases, amongst other items, will be held as an employer's option.

#### II.1.5) Estimated total value

Value excluding VAT: £70,000,000

## II.1.6) Information about lots

This contract is divided into lots: No

## II.2) Description

#### II.2.3) Place of performance

**NUTS** codes

• UK - United Kingdom

## II.2.4) Description of the procurement

Multi-disciplinary railway works to bring into use a freight line for passenger use. Works comprise of, but not limited to, detail design, surveys, environmental & ecology, civils, track, highways, buildings, telecoms, M&E and E&P.

## II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

# II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

End date

28 June 2024

This contract is subject to renewal

Nο

## II.2.9) Information about the limits on the number of candidates to be invited

Maximum number: 4

Objective criteria for choosing the limited number of candidates:

Criteria as stated in the procurement documents.

## II.2.10) Information about variants

Variants will be accepted: Yes

## II.2.11) Information about options

Options: Yes

#### Description of options

- a) It is proposed to use a target cost contract (NR12) for a single procurement event for design & construct, where the construction implementation to handback phases (GRIP 6-8) will be held as an employer's option.
- b) Whilst it is anticipated the railway control systems works are to be undertaken by others, Network Rail reserves the right, subject to funding & consents, to include and award in part or in full these works within this procurement event.

Where there is a technological requirement, signalling works will directly contracted by Network Rail. The CR-T identifies the core signalling civils scope (CR-T section 4.3.9) that is included in this contract.

Signalling and associated elements that are not identified in CR-T section 4.3.9, signalling power and operational telecommunications (identified in CR-T section 4.11 signalling, 4.12.3 signalling power and 4.6.2.10 operational telecoms) are currently excluded from the scope of this PQQ whilst NR and the 3rd party funder are in discussions about how the work will be undertaken and who will undertake the work.

If the main design and build contractor is required to include any of this work as part of the overall scope, an information pack will be provided at ITT which will outline the scope and any specific requirements.

### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

# Section III. Legal, economic, financial and technical information

# III.1) Conditions for participation

# III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Criteria as stated in the procurement documents
