II.1.4) Short description

This procurement is to establish a single-supplier Framework Agreement for Customer Information & Signage (CI&S) for the family of station elements that provide digital and fixed (non-digital) signage and customer information relating to wayshowing, train departures and arrivals information, customer assistance and emergency signage. These elements will be designed and installed throughout the HS2 Phase One Stations to provide customer information in a clear and consistent way to enhance the safety and efficiency of millions of customer journeys and reflect the core values of the HS2 design vision across the entire network. The Framework Agreement is being established for use by HS2 Ltd and for use by the other Contracting Bodies defined in VI.3 below. Further information on the Framework Agreement and Call-Off Contracts to be called off under it is included in the PQP and accompanying procurement documents.

The vision for the CI&S products is for a family of integrated products combining typeface, graphics, and product design, with a focus on customer experience. The vision is to ensure that the products support the HS2 wayshowing strategy, contribute to the positive experience of customers, strengthen the identity of the HS2 Phase One Stations and provide passengers with a safe, stress free and accessible journey.

The CI&S components included in the scope of the Framework Agreement will comprise of the following:

- Fixed Signage,
- Digital CIS Screens,
- Assistance Points,
- Dynamic signage and Emergency Do Not Enter.

II.2.4) Description of the procurement

This procurement is to establish a single supplier Framework Agreement to prototype and supply Customer Information and Signage (CI&S) components, primarily for the four new Phase One Stations being built at Euston, Old Oak Common, Birmingham Curzon Street and Interchange.

CI&S includes the family of station elements that provide digital and fixed (non-digital) signage and customer information relating to way showing, train departures and arrivals information, customer assistance and emergency signage. These elements include the fixed signage, digital CIS screens and electronic assistance points products.

Further information on the procurement and on the Scope (Core and Optional Scope), Contracting Bodies and anticipated timing and value of Call-Off Contracts is included in the PQP and accompanying procurement documents. HS2 Ltd intends to limit the number of Tenderers invited to tender on the basis set out in PQP Further Package Particulars.

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 4

Maximum number: 5

Objective criteria for choosing the limited number of candidates:

Applicants are referred to the PQP and PQQ for information on HS2 Ltd's criteria for choosing Applicants to be invited to tender for the Framework Agreement. HS2 Ltd expects to select only the top 5 Applicants to tender for the Framework Agreement. However, HS2 Ltd reserves the right in its absolute discretion to increase or decrease this number in accordance with the PQP Manual (see section 1.7).

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

1) HS2 Ltd reserves the right to omit and/or vary the scope. As further described in the PQP documents and in the accompanying PQP Outline Scope document, Applicants should note in particular that the scope may include Optional Scope (as described in II.2.4).

2) Option to extend the term of the Framework Agreement

The term of the Framework Agreement will be for an initial term of eight years although HS2 Ltd reserves the right to extend the term of the Framework Agreement for up to a further two years to make a maximum possible term of ten years. HS2 Ltd reserves the

right to extend the term of the Framework Agreement from eight to ten years if one or more Station Contracts is delayed so that the anticipated timing of the call-offs set out in the PQP Outline Scope document cannot be achieved within the initial eight-year term. The justification for any such extension beyond the initial eight-year term of the Framework Agreement is to ensure that HS2 Ltd can use the Framework Agreement to achieve the Stations Common Components strategy notwithstanding a delay to the Station Contracts.

The Framework Agreement will provide that Call-Off Contracts awarded before expiry of the Framework Agreement can extend beyond the 8 (or extended 10) year term of the Framework Agreement.

Further information in relation to the Outline Scope, the Framework Agreement and HS2 Ltd's options is included in the PQP.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

Applicants are referred to VI.3) Additional information in this Contract Notice below.

Applicants are referred to the PQP for relevant information available at this Contract Notice stage.

III.1.7) Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

The main financing conditions, payment mechanism, performance standards and incentive mechanisms for Call-Off Contracts will be described in the procurement documents to be made available at ITT stage, but it is expected that payment arrangements in Call-Off Contracts will incorporate NEC3 Professional Services Contract (PSC) Option E (time-based contract) intended for the delivery of the Prototyping services and NEC3 Supply Contract (SC) with an option to call off Engineering Services intended for the appointment of supply and optional installation services. Applicants are referred to the PQP and accompanying procurement documents for relevant information available at this Contract Notice stage.

III.1.8) Legal form to be taken by the group of economic operators to whom the contract is to be awarded

HS2 Ltd will accept expressions of interest and tenders from single entities or consortia. HS2 Ltd does not require those consortia who intend to form a single legal entity to do so at the PQQ stage. HS2 Ltd will consider contracting with a consortium, providing always that the participants in any consortium are jointly and severally liable for all of the obligations of the Contractor under the Framework Agreement.

9) II.2.7 Duration of the Framework Agreement: timescales in this Contract Notice are estimated based on the current HS2 programme but may be subject to change. See also II.2.11. Further information on anticipated timing of Call-Off Contracts is included in the PQP documents (Outline Scope).

10). II.2.10 Information about variants: HS2 Ltd will not accept variants at the ITT stage.

11) IV.1.1 Type of procedure: HS2 Ltd is procuring the Framework Agreement using the negotiated procedure with prior call for competition (UCR 2016, reg. 47). As stated in the PQP (Applicant's Guide), HS2 Ltd reserves the right not to conduct negotiations.

12) Applicants/Tenderers shall be solely responsible and liable for all costs associated with and arising out of or in connection with responding to this Contract Notice.

13) A response to this Contract Notice does not guarantee that an Applicant will be invited to tender. The award process may be terminated or suspended at any time without cost or liability to HS2 Ltd. HS2 Ltd does not bind itself to enter into any Framework Agreement or Call-Off Contract arising out of the procedure envisaged by this Contract Notice. No contractual rights express or implied arise out of this Contract Notice. HS2 Ltd reserves the right to vary its requirements and the procedure envisaged in this Contract Notice. HS2 Ltd reserves the right to disqualify any Applicants on terms set out in the PQP.
