Section IV. Procedure

IV.1) Description

IV.1.1) Form of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This is an existing service that has been in place since 2010. The CCG has assessed that the service needs to continue whilst a review is completed and new commissioning plans are developed by the newly formed North West London CCG from April 2021.

The existing contract is being modified through contract variation to extend its term by 6 months. The existing value of the contract of £1,033,797 will increase by £500,000 during this additional term.

SCH UCC is a valued local service that is located close to Grenfell Tower. Any change to services will require consultation and an appropriate timeline to deliver. Currently staff from the UCC (whilst walk in services are suspended) are redeployed to critical covid services including mass vaccination sites and discharge hubs which in turn supports elective recovery.

This modification is necessary to ensure continuity of these services for local patients.

The CCG has considered its obligations under the NHS (Procurement Patient Choice and Competition) (No.2) Regulations 2013 and assesses that the incumbent provider offers the safest solution to ensure this continuity at this time, particularly having regard to the priorities and resource pressures associated with the local NHS response to COVID-19.

The CCG has assessed this modification to be reasonable, proportionate and lawful under Regulation 72(1)(c) of the Public Contracts Regulations 2015 (as amended).

Section VI. Complementary information

VI.3) Additional information

Along with 7 other CCGs in the area, NHS West London Clinical Commissioning Group has been incorporated into a new CCG from 1st April 2021 - North West London Clinical Commissioning Group (CCG).

A period of review is required from April 2021 to agree the future model of care and to identify the commissioning strategies for services across NW London for the coming year and beyond.

The existing contract is therefore being modified to extend its duration for an interim period of 6 months in order to enable this review to take place

This contract modification is assessed to be proportionate and lawful under Regulation 72(1)(b)

The existing contract is being modified through contract variation to extend its term by 6 months which will increase the overall value of the contract by £500,000 during this additional term.
