Tender

## **Electrical Installations Repairs & Maintenance (EIRM) Term Contracts**

London Borough of Southwark

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-010681

Procurement identifier (OCID): ocds-h6vhtk-0590e1 ([view related notices](#))

Published 5 February 2026, 4:31pm

### **Scope**

### **Reference**

DN788393

### **Description**

This project aims to appoint two term contractors for electrical installations, repairs and maintenance, to start January/February 2027 for an initial period of five years with the option to extend at the council's discretion for up to a further two years in yearly increments. Contract A will serve the north of the borough and Contract B will serve the south of the borough.

The successful contractors will act as back-up to each other on their tendered rates to ensure that the council is able to meet its obligations.

The scope of works will be:

electrical refurbishments to communal landlords systems;

landlord lighting and lightning protections systems;

installation of fire, smoke and heat detection systems;

fire detection system and AOV systems;

solar PV systems;

generators and Uninterrupted Power Supply (UPS) systems and changeover switch testing;

Electrical Installation Condition Reports (EICR) – inspection and reporting of fixed wiring in domestic properties and communal areas.

### **Total value (estimated)**

- £122,584,000 excluding VAT
- £147,100,800 including VAT

Above the relevant threshold

### **Contract dates (estimated)**

- 17 February 2027 to 16 February 2032
- Possible extension to 16 February 2034
- 7 years

Description of possible extension:

The Council intends to award the contract for an initial term of five (5) years, with the option to extend for up to two (2) additional years. The Council reserves the right, at its sole discretion, not to exercise any extension options if it determines that the services, or any part thereof, are to be brought in-house during the initial term or any extension period, to re-procure the services, or otherwise not to utilise the extension option.

## **Main procurement category**

Works

## **CPV classifications**

- 45310000 - Electrical installation work
- 45350000 - Mechanical installations

## **Contract locations**

- UK - United Kingdom

## **Lot constraints**

Maximum number of lots a supplier can bid for: 1

Maximum number of lots a supplier can be awarded: 1

Description of how multiple lots may be awarded:

Bidders will automatically be bidding for both lots and will be eligible for award in either of the two regions (Contract A or Contract B). They are therefore not required to indicate a preferred region. However, only one bid may be submitted per supplier.

---

## Other information

## **Applicable trade agreements**

- Government Procurement Agreement (GPA)

## **Conflicts assessment prepared/revised**

Yes

---

## **Procedure**

### **Procedure type**

Competitive flexible procedure

### **Competitive flexible procedure description**

As part of the Competitive Flexible Procedure, the procurement documents will set out that up to a maximum of six organisations will be selected to be invited to the second stage to tender for the two contracts (Contracts A and B), subsequent to the PSQ. In the event that any applicant achieves a score within two marks of the lowest scoring applicant that is being invited to tender, they will be included in the shortlist and progressed to the Invitation To Tender (ITT) stage as well.

Interviews and site visits will form part of the tender evaluation.

At ITT stage the Council will use a price quality weighting criteria made up of:

- a. Price 50%,
- b. Quality 37%,
- c. Social Value 10%,
- d. Equality Diversity and inclusion 3%
