II.1.4) Short description

The Framework Agreement is for the supply of intravenous cannula and associated products including: Peripheral Intravenous cannulas (PIVC) – non-winged, winged and ported with wings, Metal needle winged devices with extension, Subcutaneous infusion sets with extension, Safety integrated cannulas, Safety cannulation packs and associated accessories. A catheter (small, flexible tube) placed into a peripheral vein for intravenous therapy such as administering medications. The tube contains a needle which facilitates its insertion and is withdrawn when the cannula is in place.

Precise quantities are unknown. It is anticipated that in the first 12 months of the Framework Agreement the value of purchases will be circa £27,293,855, however this is approximate only. For the full 48 month term (if extended) the anticipated value is around £112,790,779. These values are approximate only and are based on the most recent historical usage information, with a forecasted level of growth.
